Sharon Jordan Bahosh is an artist for a lifetime. Her artistic spirit landed her at the Art Institute of Boston and later she studied with other master artists as her style evolved. Her home is Lancaster MA now named "Atelier" where since 1977 every painting has begun.

Sharon sees her surroundings on canvas and hones in on whatever composes her ideals of nostalgia, sophistication and reverence for the world God created. Portraits and Plein Air Paintings are pivotal and have awarded her many times over nationally and regionally and select memberships are Academic, Northshore and Rockport Art Associations. Collectors are near and far.
